Re: Lecture Slides

6

oh true, thanks for the hint! i will tell jörg to update the list a bit more frequently :)

if you want to check katrin's slides already, as they might be important for your project, you can also find them in the dropbox
: https://dl.dropbox.com/u/5505209/tmp/MobileInteraction_05_DesignProcess_wolf.ppt .
they will also be added to jörgs website soon (along with hamed's slides).
